Welcome to the Bio-Strategy Brand Index. Here you will find the key brands and products available in Australia. Bio-Strategy offers a comprehensive range of products for your laboratory research, analysis and production. Our portfolio includes technical instrumentation, high quality laboratory equipment, consumables, chemicals and reagents & assays for many applications.

Bio-Strategy was founded in 2003 and is an established locally-owned ISO 9001:2015 accredited distributor delivering technology to the Scientific Community throughout Australasia. The Bio-Strategy team shares a passion for science and, in partnership with world leading suppliers, we provide our customers solutions to advance their research and work.

From our extensive product range we provide quality technology to customers in numerous market sectors including: Diagnostic Laboratories, Academic Research, Government Institutes, Applied Testing and Industry. Our specialists can tailor solutions to fit your research and business needs.

Bio-Strategy's head office is located in Melbourne with local teams throughout the country. Our skilled application scientists, sales specialists, service engineers, and our entire team of more than 130 staff across Australasia are available to support you and your laboratory requirements.

John Chesterfield
Chief Executive Officer
Bio-Strategy

AUTOMATION - Sample Preparation & Processing

HAMILTON
 ROBOTICS

Automated liquid handlers for sample preparation, with a myriad of dedicated applications, from low thru-put small footprint of the ML prep to higher thru-put systems of the STARline and Vantage.

STARline

Grenova automated tip washers to accommodate most industry brand tips ensuring sustainability.

TipNovus Tip Washer

ML Prep

Nimbus

VANTAGE

AUTOMATION - Automatic Storage & Retrieval

VERSO M and L series

SAM HD

Askion
HS200S
HAMILTON
 SAMPLE MANAGEMENT FOR LIFE SCIENCE **STORAGE**
ASKION C-line
 automation

Automated storage management solutions, decappers and consumables for safe storage of patient samples/biobanking with full traceability, from ambient down to -185°C with Askion's automated LN2 based cyro-storage.

VERSO Q series

BioS

LabElite
Decappers

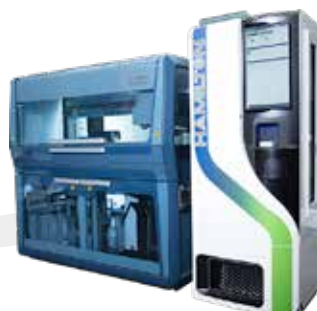

LabElite DeFroster

AUTOMATION - Integration for Total Workflows

BIOSERO
 A BICO COMPANY

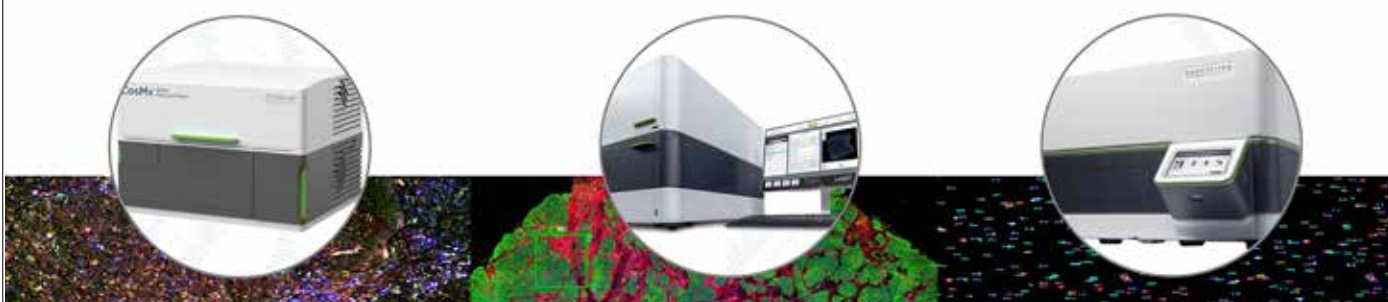

Integrations with automated sample processing and storage as well as with other 3rd party devices for Total Workflow Solutions with Biosero Green Button Go Software Scheduling.

Green Button Go™

nanoString

Catalyze The Next Revolution Using Spatial Biology

CosMx® Spatial Molecular Imager

Map RNA and protein molecules in intact tissue with sub-cellular resolution

GeoMx® Digital Spatial Profiler

Combine high-plex & high-throughput spatial RNA and protein analyses

nCounter® Analysis System

Complete solution for digital detection and counting large sets of molecules

DNASCRIPT

Powering The Bio-Revolution With DNA On Demand

A new paradigm in DNA synthesis, the SYNTAX Platform powered by Enzymatic DNA Synthesis (EDS) technology.

Designed for ease-of-use, productivity, convenience, control, and confidentiality, the SYNTAX platform, consisting of the SYNTAX System, kits, and software, enables automated nucleic acid synthesis on your benchtop in your lab.

Seamlessly Integrates into Your Existing Workflows

Advancing Discovery in Protein and Cell Biology

- Microplate Readers and Washers
- Cellular Imaging Systems
- FLIPR Penta
- Clone Screening
- Assay Kits, Clone Media and Reagents

*Let our technology
power your discoveries*

Meso Scale Discovery® (MSD) a global leader for innovative assays and instruments for the measurement of targeted molecules in biological samples.

Assays & Kits

Highly sensitive, precise and accurate

MSD's proprietary MULTI ARRAY technology uses electrochemiluminescence to enable researchers to profile multiple biomarkers simultaneously in a single sample.

This technology provides greater sensitivity, excellent reproducibility, broader dynamic range with increased throughput (1-3 minutes read-time per plate).

Instruments

High throughput and fast processing for a wide range of applications

JASCO is a global leader in a wide range of innovative technologies using optical spectroscopy and chromatography

Spectroscopy

JASCO delivers an impressive range of optical spectroscopy instrumentation.

They are compact in design, robust in operation and range from entry-level models to extremely sensitive research-grade instruments.

Chromatography

High Performance Liquid Chromatography EXTREMA 4500 Model is a conventional HPLC that aggregates the technology cultivated with EXTREMA 4000 Models into a compact casing with a width of only 15cm.

Next generation chromatography configurations have arrived.

Delivering Tailored Solutions

Advion Interchim is a provider of analytical instrumentation (such as mass spectrometers & liquid chromatography) and laboratory consumables.

In combination with the extensive consumable range from Interchim, Advion Interchim provide the best in-class solutions for any laboratory setting.

The Advion portfolio can be summarised into three categories

Mass Spectrometry

Purification

Consumables

CareDx is a molecular diagnostic company focused on the discovery, development and commercialisation of clinically differentiated, high value diagnostic surveillance solutions for transplant patients.

AlloSeq Tx

QTYPE®

AlloSeq HCT

AlloSeq cfDNA

Your Partner in the Service of Medicine

BAG Diagnostics provides test systems and reagents which always deliver the highest quality for your diagnostics. This quality ensures that people with impaired organ function, genetic disposition or transfusion needs are given the best possible starting conditions for their recovery/therapy.

Transplantation Diagnostics

Transfusion Diagnostics

Human Genetics

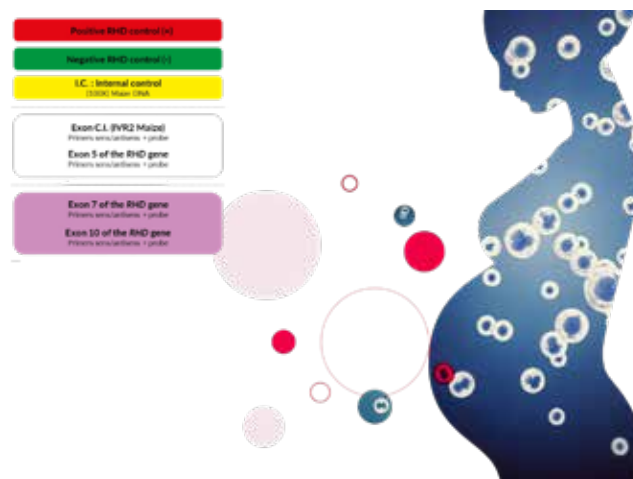

A completely new approach!

Next Generation DNA/RNA extraction kits providing more convenience, quality and speed.

By moving to a BioECHO extraction kit you are supporting

- environmentally friendly science: no harsh extraction chemicals
- sustainability: with 70% less plastics than standard Silica kits

Institute de Technologies Jacques Boy:

Laboratory reagents for Blood Grouping and NIPT Fetal RhD Genotyping

In Vitro Diagnostic Medical Devices for immuno-hematology, cell-culture and molecular biology accredited laboratories.

Life Science Innovator Since 1966

CO₂ Incubators

Pharmaceutical Refrigerators

Biomedical Freezers

Ultra Low Temperature Freezers

Biological Irradiators Designed for Life Science™

Rad Source
X-ray irradiators
designed for blood small
animals, insects, food
and cells.

Priorclave: Autoclaves, steam sterilisers and accessories.

- All British design
- More than 60 autoclave models
- From 40 to 700 litre chamber capacities
- Manufactured in Priorclave's London facility to UK standards
- Extensive range of options enables tailoring to meet your specific requirements
- Proven energy savings
- 10-year chamber warranty

Enhancing precision
cancer diagnostics

Bio-Strategy is the exclusive distributor for Epredia in Australia and New Zealand. Epredia is a Global Leader in Precision Cancer Diagnostics and Tissue Diagnostics offering the highest quality products to enable our customers to achieve diagnostic excellence.

- **Instruments:** Cryostats, Microtomes, Slide & Cassette Printers, Tissue Processors, Embedding Centres, Stainers, Coverslipppers, and Cytocentrifuges
- **Consumables:** Slides (Superfrost and Superfrost Plus), Coverslips, Blades (MX35 Ultra), Cassettes, Cytofunnels and many others

POWERED BY

SHANDON

MICROM

MENZEL-GLÄSER

Richard-Allan Scientific

Tomy: Mobile toploading autoclaves. Providing high quality instruments across various industry segments, including biotechnology, biological engineering, medical science and food development.

A variety of accessories also available:
Baskets, buckets, waste disposal bags and containers

CORNING

Corning: High quality and innovative life science plasticware for cell culture, genomics, microbiology, liquid handling & filtration, CoolCell product range, laboratory equipment and Pyrex® laboratory glassware.

Falcon - A Corning Brand:

Life Science plasticware for tissue culture, genomics, microbiology and liquid handling.

FALCON
A Corning Brand

Ansell

Experience a HIGHER LEVEL of PROTECTION

Globally trusted gloves for life science, industrial research and clean rooms (PPE), Ansell Microflex and Touch N Tuff premium quality laboratory and examination gloves (PPE).

 **cytiva**

Cytiva: Provide protein purification chromatography with ÄKTA systems & columns, resins for FPLC, Western Blotting reagents, membranes & imaging systems, Biacore consumables, Nucleic acid purification & amplification in the illustra range, Percoll & Ficoll cell density media and Whatman filtration products.

 **DWK**
LIFE SCIENCES

DWK Life Sciences: Leaders in the manufacture and supply of glass and plastic labware, cell culture apparatus and consumables, with brands like Duran®, Pyrex® and KIMBLE® dating back over 100 years providing solutions for Scientific Research, Pharmaceutical, Healthcare, Environmental and Industry applications.

- **DURAN®** Borosilicate 3.3 Glassware
- **WHEATON®** Cell Culture & Chromatography Solutions
- **KIMBLE® KIMAX® KONTES®** Glassware
- **PYREX®** Laboratory Glassware
- **QUICKFIT®** Ground-Glass Jointed Glassware
- **MBL® Volumetric Glassware**
- **SVL®** Screwthread Jointed Glassware
- **AZLON®** Reusable Plasticware

LaboGene: CoolSafe 4 - 15L: an outstanding and versatile range of advanced bench-top freeze dryers.

The Measure of Excellence

Hamilton Company products provide you with unmatched accuracy and precision in your everyday laboratory tasks and workflows.

- The most comprehensive selection of syringes and needles
- A complete selection of silica and polymer based HPLC columns
- Automated intelligent diluting and dispensing with the Microlab 600 series
- Robust and intelligent in-line process sensors for pH, ORP, Dissolved Oxygen and Conductivity

analytikjena
An Endress+Hauser Company

Analytik Jena: Real-time PCR and gradient thermal cyclers, spectrophotometers, bio-imaging systems, macro and micro in-vivo live animal imaging systems, UV Products (transilluminators, lamps, crosslinkers and incubators), hybridisation ovens and PCR workstations.

Grant: Unstirred and stirred water baths, dry block heaters, shaking and ultrasonic baths, refrigerated circulators and vortex mixers.

Ohaus: Analytical balances, precision balances and industrial balances. Small equipment: pH meters, dry block heaters, shakers, magnetic stirrers and vortex mixers.

Eppendorf: Liquid handling tips, microplates, tubes, cuvettes, pipettors, titrators, dispensers, micro centrifuges, multi purpose centrifuges and thermomixers.

Hach: Water analysis test kits, spectrophotometers, pH meters, turbidity meters, dissolved oxygen, BOD, COD kits and apparatus.

Sherwood: Flame photometers, chloride analysers, magnetic susceptibility balances, colorimeters and fluid bed dryers.

Miele

Miele Professional: Laboratory glassware washers and disinfectors. Miele's range of instrumentation is designed to easily withstand the rigours of repeated cleaning whilst ensuring consistent results day after day.

IKA®

IKA: Magnetic stirrers, hotplates, vortex mixers, orbital shakers, grinding mills, dispersers/homogenisers, bomb calorimeters, rotary evaporators and viscometers.

METTLER TOLEDO

RAININ
Pipetting 360°

Mettler Toledo: Analytical/top pan/moisture balances, pH/conductivity/DO meters, refractometers, densitometers, titrators, pipettes, dispensers and Rainin High precision liquid handling.

Reichert™

TECHNOLOGIES
Analytical Instruments

Reichert: Benchtop and digital handheld refractometers, optical handheld refractometers, bilirubinometers, veterinary and clinical handheld refractometers & refractometer calibration oils.

Laboratory Immunodiagnostic Products And Equipment

DRG International: Enzyme Immuno (ELISA) Assays, Saliva Tests, Tumour Marker Assays, Chemiluminescences Assays, Rapiidscreen Assays

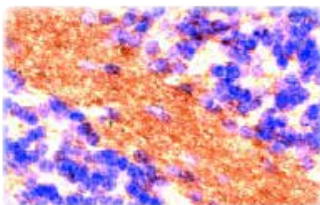

Answers in Life Science

SVAR: Assays measuring human complement, auto-immune markers and hormone analytes (Euro Diagnostica have changed their name to Svar Life Science AB).

The Power to Question

Santa Cruz: Offer a huge range of Monoclonal antibodies and mouse binding proteins, CRISPR & Biochemicals. Many of the mammalian antibodies are reactive with equine, bovine, canine, feline, caprine, porcine and bovine proteins.

Megazyme: A global leader in assay kits, reagents and enzymes, offering high-purity, ultra-stable products used in analytical testing across a range of industries - from cereals and food manufacturing, to biofuel and animal feed, to wine, beer and dairy products.

Brady: Laboratory identification, safety labels and label printers.

LabAdvantage: Pipette tips, barrier tips, PCR tubes, PCR plates, reservoirs and microcentrifuge tubes.

chem-supply

Chem-Supply: Chemical products and laboratory supplies with direct shipments to your laboratory to reduce product delivery time, great stock levels and full technical support.

Techno Plas: Plastic consumables for life science, pathology, food & beverage, industrial, mining and environmental applications.

bio-strategy
delivering technology

Protect Your Investment!

Support available every step of the way with Field Service Engineers and Application Scientists

Improve your lab productivity and accelerate your research.

Here at Bio-Strategy we pride ourselves in providing:

Country-Wide Coverage | Factory Trained Engineers and Scientists | Original Spare Parts

FIELD SERVICE SUPPORT

Installation | Compliance | Maintenance

Get the most return for your investment

The condition, life span and accuracy of instruments is critical for the most essential tasks in the laboratory.

Bio-Strategy's Technical Service is designed to help keep your lab instruments precisely up and running which gives you peace of mind.

Peace of mind

We do this by offering complete service solutions from installation, after sales service and compliance to the supply of original spare parts.

Our large team of factory-trained engineers covers all regions of Australia.

Certifications

- ISO-9001:2015 Certified
- IQ/OQ

Service Agreements*

- Tailored to customer's needs on a wide range of supported equipment
- Comprehensive Agreements covering service and parts
- Standard Agreements including scheduled Preventative Maintenance services and up to 10% off parts and breakdown labour
- Advanced scheduling of Preventative Maintenance

*initial checks on equipment out of warranty may be chargeable

Remote Support

- In-house engineer for phone support
- Remote support diagnostic capabilities
