

Epredia™ Histoplast PE Paraffin Wax

Price Drop! Stock up now for the holiday period

Meet the demanding and versatile needs of the laboratory with Epredia™ Histoplast Paraffin.

Designed to suit all histological applications, including accommodations for rapid infiltration, extra-thin sectioning, and hard/fibrous tissue.

Resealable bags (1kg) are designed to stand-up for easy storage and to reduce the chance of countertop spillage.

- Made of paraffin and plastic polymers
- Delivers excellent processing and yields thin, wrinkle-free sections
- Melting Points: 56-57°C
- Suggested use: Good for general infiltration and embedding procedures
