

## MPR-S500H Pharmaceutical Refrigerators

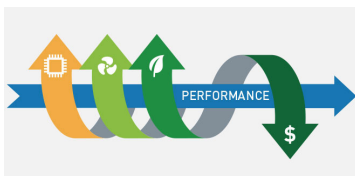

### New and Improved!

**Limited time** – SANYMPR-S500 units included a free MPR-48B2-PE (installed) battery housing accessory for power failure.

**Free  
Accessory!**

The ergonomic design of the MPR Pharmaceutical Refrigerators provides a clear view of stored items through the large glass door. The slim, hassle-free sliding glass door allows for easy retrieval of products, without the concern for swinging door clearance.

- Advanced technology for superior cooling performance and stability while reducing energy consumption
- New design features for condensation prevention in the most humid environments
- OLED panel for optimum display of temperature, logged data and min/max temp recorded over 12/24 hrs
- Enhanced sliding door for better energy conservation and heat transfer prevention
- Optional black out panels for storing light sensitive products or as a privacy screen

Energy-efficient performance
