**Dual hoppers. Singular solution.**

With flexible configuration options to match your laboratory's needs the SlideMate Pro printer features a dual-hopper loading system with intelligent slide selection.

The printer can be programmed to automatically read the requested slide type from the incoming print image and pull from the appropriate hopper.

Also available is an additional manual load option for a 3rd slide type. Simply load them through the manual feed as required – no need to remove the hoppers.

**Pair with Epredia  
Superfrost Slides**
