# LAUDA Universa

THE ALL-NEW DIMENSION OF CUSTOMIZATION

MODULAR, AI-READY, SUSTAINABLE, HIGH-PERFORMANCE

\*FAHRENHEIT, \*CELSIUS, \*LAUDA

## Universa Product Line

The new dimension in temperature control

Universa Pro

The **NEW** innovative Universa product line offers a comprehensive range of bath and circulation thermostats in three performance classes.

The Universa **ECO**, Universa **PRO** and Universa **MAX** variants cover all requirements between -90 and 300 °C, from cost-effective entry-level products to powerful professional thermostats.

All devices have a Wi-Fi, Ethernet and USB connection as standard, are equipped with speed-controlled compressors, are NRTL-certified and run on natural refrigerants.

The cloud-enabled product line provides maximum efficiency with a minimal ecological footprint thanks to complete networking and intelligent process optimization.

**Contact us to discuss and introductory price offer!**

### Maximum choice. Perfect temperature control

The modular system – as individual as your application

Choose from three powerful control heads and a variety of heating or cooling baths – for maximum flexibility in every application.
