

# ST300D Dissolved Oxygen Meter

Convenient Portable Dissolved Oxygen (DO) Meter  
for Wherever Your Work Takes You

The Starter 300 portable meters were created with versatility in mind. They can be operated in the lab with the support of built-in stand, or in the field.

With a simple calibration process, quick delivery of measurements and automatic temperature compensation, Starter 300D is both easy-to-use and accurate.

The automatic or manual endpoints allow the user to easily recall the last calibration data and stored information with one quick touch.

In addition, they are equipped with IP54 protection which shields the meter from damage by water and dust particles.
