- External: 470 x 625 x 1,003mm W x D x H

TOMYSX-500E

TOMYSX-700E

The SX-500E & SX-700E top loading autoclaves have castors for mobility and a removable condensate bottle negating the need for drains and only require a 240V 50Hz 15amp supply.

Features common to both Autoclaves:

» Simple lid opening using either hand or foot

» Safety devices include: water level sensor, current leakage breaker, lid interlock, overheat prevention, over pressure prevention, open temperature sensor detection & safety valve

» Five sterilization profiles to select from (in addition to normal sterilization)

» Three operating temperature ranges: Warming 45 to 95°C, Heating 45 to 104°C & Sterilizing 105 to 135°C

» Variable speed exhaust and cooling fan to reduce run time

» Grade 304 stainless steel for easy cleaning and durability

» Digital temperature & time display with analogue gauge for pressure

» Supplied with two stainless steel mesh baskets

» Two year warranty

Separator Kit for Petri Dish Disposal
Code: TOMY59970007

Sterilizing petri dishes need not be messy with Tomy's separator kit for disposal petri dish. This simple and smart accessory allows liquid agar to drain down into a bucket, separating it from the molten petri dishes.

* Good range of accessories including punched metal stainless steel baskets, solid stainless steel baskets, hybrid basket: solid lower third with punched metal stainless steel upper, Durham tube stand, printer, external sensor (wandering probe) and preventative maintenance contracts.

Ref. Code: TOMY-SX   Valid Until: 30 Sep 2025
