

# Ansell Micro-Touch® Blue Nitrile

## Save your hands and some money!

Micro-Touch® Blue Nitrile is a unique synthetic examination glove. Its softer, more elastic nitrile formulation offers superior comfort levels and a softer high resistance to chemicals, including chemotherapy drugs. The textured finish on the fingers of the glove provides extra protection against slippage in wet or dry conditions. Micro-Touch Nitrile are powder and latex-free, nitrile examination gloves and are recommended for use by those suffering from a latex allergy.

- Tested for use with a wide range of chemotherapy drugs
- Latex-free and powder-free
- Soft and thinner nitrile formulation for improved comfort, fit and feel
- Textured fingers for secure grip in wet and dry conditions
