

Reichert Refractometers

Reichert carries a full line of handheld refractometers.

From the versatile, pocket-sized digital devices that raise the bar for performance and value, to the durable and rugged analogue, these instruments put powerful and accurate performance in the palm of your hand.

REIC13940000 REICHERT DIGITAL BRIX/RI-CHEK

The Reichert Brix/RI-Chek is a versatile, pocket-sized digital refractometer that raises the bar for performance and value. The powerful, multi-scale instrument is easy to operate and provides quick results. The Brix/RI-Chek has an IP65 dustproof/water resistant rating so it can be used in virtually any environment.

REIC13940020 REICHERT DIGITAL SALT-CHEK

The Salt-Chek is a versatile refractometer that raises the bar for performance and value. The 5-digit, full-view screen displays all pertinent measurement data in one view. The Salt-Chek is easy to operate. Measurement results are displayed in 2 seconds and the unit offers excellent economy (10,000 measurements on a set of 2x AAA batteries, included).

REIC137528L0 REICHERT RHINO™ OE200 WINE REFRACTOMETER

The Reichert Rhino™ OE200 Wine Tester is a handheld refractometer that provides quick, accurate readings of dissolved sucrose (Brix), grape must density (°Oe), and grape sugar content (Klo). Automatic temperature compensation provides accurate readings without correction tables or temperature measurement. IP67 rated dust proof and water-resistant. Ultra rugged and impact resistant, able to withstand repeated drops from 3 feet.

REIC137531L0 REICHERT RHINO™ BRIX50 REFRACTOMETER

The Rhino™ Brix refractometers are rugged and reliable with exceptional optics. The Rhino™ Brix50 Handheld features a sealed housing and eyepiece. Automatic temperature compensation provides accurate readings without correction tables or temperature measurement. IP67 rated dust proof and water-resistant. Ultra rugged and impact resistant, able to withstand repeated drops from 3 feet.
